

# SAINT AGNES SCHOOL

## Special Circumstances Application

After initial financial aid award letters and tuition contracts are mailed, families may request a review of financial aid by completing the information requested below. Please attach a separate sheet with any additional information if needed. Financial need alone does not guarantee financial assistance from Saint Agnes; once need is established we also consider other criteria such as academic effort, attendance, volunteerism, and behavior. You will receive a response from us after we have reviewed all applications. Families will either be notified in a form of a new tuition contract or by email that your request has been denied.

Additional Information Required to be considered for additional financial aid:

- A completed TADS Application for the upcoming school year including required documentation
- Documentation to support your financial circumstances that must include, but is not limited to copies of your last two pay stubs for employment and copies of statements or invoices supporting the monthly payment and balances due for any credit cards, loans, or medical/dental.
- A written explanation of the reason you are requesting additional financial aid. We would like to know about any recent changes that are affecting your family's financial situation such as a change in employment or living situations, illnesses or challenges that may be unique to your family.
- A written statement of how you have recently volunteered to support Saint Agnes School
- Optional: A written statement from the student(s) about their experience at Saint Agnes School.

I understand that Saint Agnes may request additional information to support statements on this form. I understand that any and all financial assistance from Saint Agnes may be revoked in full if any statements made on this form are not truthful.
